KS1 Homework

Dear parents and carers

This term the children will be receiving literacy and maths homework in a different format. For the past few years, the children have had 12 pieces of homework to choose from each term and could choose which one to do each week, with the children covering a wide range of tasks.

We believe that homework is most effective and useful when it relates to what the children have recently been learning at school. So this term the children will be given a piece of literacy and a piece of maths homework each week that will relate to what they have been doing in their class. The class teachers will also spend time explaining what the children are expected to do each week.

We realise that you have appreciated the freedom to take a week off at some point during the term (if you have a particularly busy week, for example), so you and your child will still be able to choose one week during the term to take as a week off.

As has always been the case, homework will be sent home with the children on a Thursday, to be handed in the following Monday.

If you have any questions, please talk to your child's teacher.

Thank you for your continued support,

Andrew Brown

Assistant Headteacher
