

23rd October 2020

Dear Children & Parents,

Time Capsule

A friend of yours at school made a very good suggestion last week, she asked if the school could make a time capsule. She shared her brilliant idea with Mrs Besant, who of course, said yes!

We would like to invite you all to add a little piece of history to Middlefield. Over your half term break we would like you to use an A4 piece of paper to either:

- Do a drawing
- Add photos of you, your family, pets etc
- Write a letter to your future self
- Explain how you have celebrated special events during Covid
- Write a little bit about yourself, your hobbies, favourite book etc
- Print news articles and add your views
- Write a diary entry
- Interview a friend or family member

These are just a few suggestions. Please use your imagination but, remember to use just one piece of A4 paper.

Unfortunately we can not accept any physical mementos as our time capsule is not big enough. However, as a school we will discuss what the children would like to add. A few suggestions so far have been a mask, a plastic glove, some toilet paper and pasta!

This time capsule will be buried beneath the foundations of a very exciting outdoor learning project, soon to be revealed.

Please return your time capsule paper on **Friday 6th November**. There will be a box outside Reception class, and in both KS1 & KS2 playgrounds.

Your Sincerely

Sapphire
