

13th October 2017

Dear Parents and Carers of Reception Children,

Early Reading and Phonics Workshop – Monday 6th November 2017

Mathematics in the EYFS Workshop – Monday 13th November 2017

On Monday 6th November we will be holding sessions where you can find out about how early reading and phonics is taught in the Early Years Foundation Stage. The following week on Monday 13th November, we will be holding sessions to find out more about how mathematics is taught in the Early Years Foundation Stage. The morning sessions will be held from 10am-10.45am and they will be repeated again from 4pm-4.45pm. The aim is to help you understand how your child is taught how to read and write in their Reception year and what they need to learn about shape, space and measure and number in mathematics. The sessions will last for approximately 20 minutes, and there will be time after the presentation for any questions you may have to be answered by myself. Unfortunately we are unable to accommodate for any children at these sessions.

The morning sessions will be held in the Main Hall at 10am, and the afternoon sessions will be held in the Reception classroom at 4pm. We would be grateful if you could return the attached slip no later than Friday 3rd November so that we have an idea of numbers.

Many thanks for your continued support.

Yours sincerely,

Miss Latimer

Early Years Foundation Stage Teacher

On behalf of Middlefield Primary Academy (Part of the DLPT)

Childs Name.....

I can attend the Early Reading and Phonics Workshop (6th November)

10am	☐
4pm	☐

I can attend the Mathematics in the EYFS Workshop (13th November)
